Greetings

It is okay without using any technology solution for your events. That is right. However, we might face a lot more challenges than such as spending more time on updating agenda, interacting with all attendees, dealing with long check-in queue, or keeping them excited and engaged with our events, etc. We will tend to spend more effort on delivering the contents of the events but not really on the “feel”; we will also tend to try to complete the event agenda but not really (and not able to) care about the people experience side.

MPLIFY Events connects, engages and enhances people experience for all event’s stakeholders. MPLIFY Events also a time and cost effective, and easy scaling up solution for organizers to manage events.

With powerful tools and well-integrated platform, we are working to enhance how they feel about our events, and the values we bring to them. This will be the right solution for those who care about the people experience in digital age.

Sincerely Yours,

A handwritten signature in black ink, appearing to read "Chi Thanh".

Nguyen Chi Thanh
CEO & Founder, mplify Vietnam

“MPLIFY Events is all-in-one digital solution for events at all types, all sizes, all industries, & all countries.”

About mplify Vietnam

Founded in 2018, we are inspired by helping people to be their better version and do what they love. At MPLIFY Vietnam, we create digital solutions that connects, facilitates and maximizes people experience and self-development.

OUR WHY

A connected world where people can unlock their potential.

We strive to build a world where people can connect, and learn from each other, from anytime, anywhere. From that, people can be the better version and do what they love.

OUR HOW

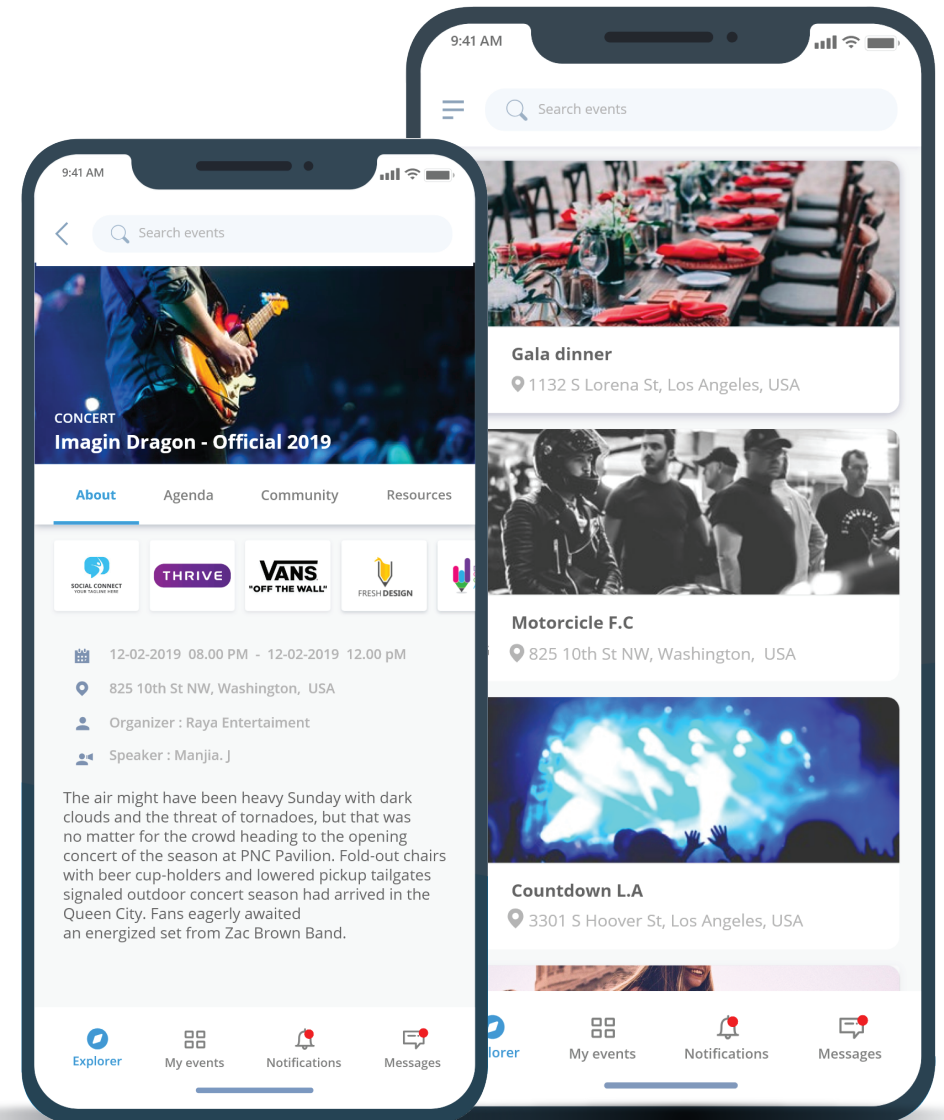

We place our confidence in digital as a key to engage people and make difference.

We believe that digital is the key to shaping a better future. Through each and every experience we provide, we strive to connect, facilitate, and maximize people's experience and self-development.

OUR WHAT

Engaging people and making difference by creating the best experience with digital technologies.

By developing an all-in-one smart event solution that minimizes all the events burdens and maximizes events experience, we aim to make all events easier, more attractive, and more engaging.

These might be your matters

We are ambitious to deliver and gain a lot of things from the event. However, with the current team and technology, we may face many problems in both organizing and participating the events.

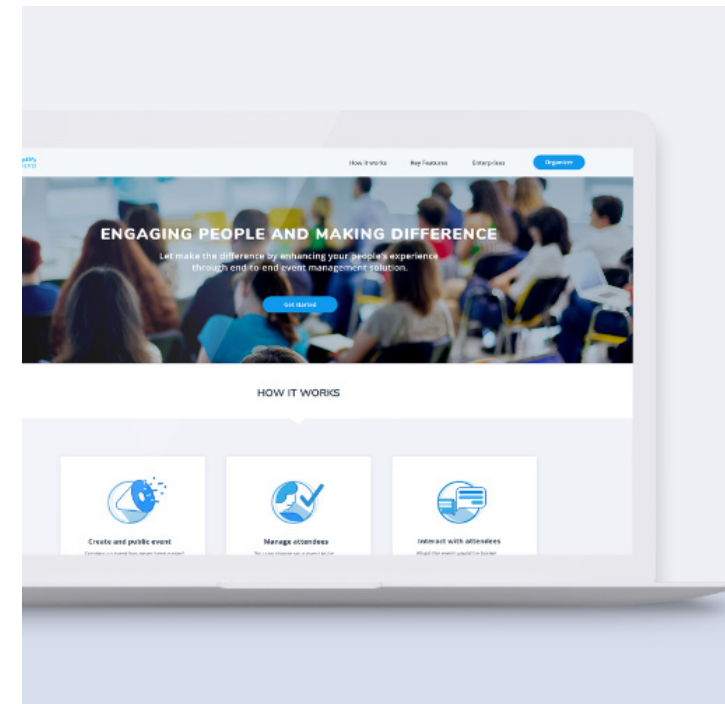

As an Event Organizer, You Might Need

- A more effective way for event promoting and ticketing
- A quick check-in solution
- A centralized communication tool for all event updates
- To engage all attendees prior, during and even after event
- To share documents, photos and videos to all attendees
- Private live video stream to scale up your event
- Maybe a single ALL-IN-ONE platform that can do ALL

As an Event Attendee, You Might Need

- To access to many events and get tickets easily
- A quick check-in tool for not taking long queue
- To be posted with all the event info and changes
- To connect with event organizers and all other attendees
- To timely get documents and photos from the event
- To remote access to distance events
- Maybe a single ALL-IN-ONE platform that can do ALL

Some of organizations we are supporting

Our solutions - mplify Events

ALL-IN-ONE digital platform for events

Promoting and Ticketing

5 minutes to create your event and promote it to various channels (if applicable). We can use the solution for raising fund activities, donation and money gifts for wedding.

Events Scaling Up

Enlarge your event to other regional, other countries has never been easier which keep human and interactive experience for all.

Attendees Management

invite your specific attendees (in both private and public event mode) to join the event, by email and pushed notification through mobile application.

Materials Sharing

Share all your materials, photos, and videos of your event is a lot easier and more convenient. Attendees can access back to them at anytime

Communication and Updates

Engage your attendees right after they successfully registered the event, update all attendees with latest contents and information easily.

Community and Engagement

Connect your attendees by side event activities and interactive tools prior, during and after the event, to create the best event experience.

Return on Investment (ROI) of the events is very important, but it is also measured differently by each organizer. We believe the ROI of events can be somewhat intangible – by how each attendee feels about the event, and that is what we focus on. We also work to create positive impacts and legacies for event organizers.

For corporate events

Events have a unique ability to bring people together physically and virtually, and to inspire and communicate with them in ways that cannot be easily duplicated by other means and media. MPLIFY Events help to boost the power of events in corporate sector, and both to improve company morale, increase profitability and income.

We support all corporate and business events internally and externally – any event that supports business objectives, including management functions, corporate communications, training, marketing, incentives, employee relations, and customer relations, scheduled alone or in conjunction with other events.

Some basic features for corporate events to engage your people:

Private mode for internal and Public mode for external events

Live event info and online registration

Attendees management and QR check-in

Live agenda and live video streaming

Live announcements, polls, surveys, Q&A, and lucky-draws

Live photos and videos sharing

For community events

Community events as part of how we interact as human, and form part of the social fabric that binds our communities together. Appropriate liaison with stakeholders will ensure that the event represents the true values for the community and will often serve to solve many of the potential community conflicts and disruptions in relation to the event.

At MPLIFY Events, we support all community events to create social capital and community wellbeing, by facilitating community engagement.

Some basic features for community events:

Private mode & Public mode for specific groups of communities

Live event info & online registration, ticketing & fundraising

Attendees management and QR check-in

Live agenda and live video streaming

Live announcements, polls, surveys, Q&A, and lucky-draws

Live photos and videos sharing

Community forums & business-to-business matching

For other featured events

PERSONAL EVENTS

Technology bring people from distance become closer together. MPLIFY Events can help to connect and spread your individual talk shows or inspirational talks become viral.

SPECIAL REQUIREMENTS (FOR CUSTOMIZATION)

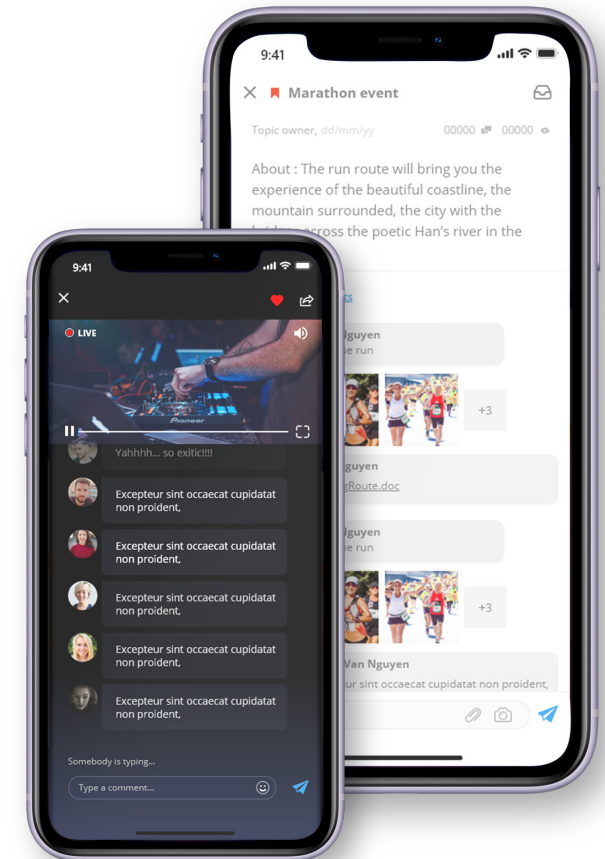

We believe our current community solution will be the best solution regarding implementation time, cost, and values for event's stakeholders. However, there will be some specific needs of specific event and community engagement objectives, we might also consult our clients to use customized solution to meet those needs. Level of customization is depending of specific business and event requirements.

WEDDINGS

Globalization and mobility expand our network and relationship. MPLIFY Events can help to connect friends and family members from around the world to live attend in cozy and special wedding parties.

We would like to listen more on your specific needs.
